Resume

Sabrina Lim (Lim Siew Lin) has a Bachelor in Engineering (First Class Honours) from The University of Sydney. She was attached to well-known American MNCs where she had hands-on experience in the Quality, Quality Systems and Process Engineering.

Her success in her career include ISO9000 recertification, taking responsibility for product transfer from the US, troubleshooting new product quality problems and involvement in in-process yield improvement programmes, Kaizen project implementation, developing training materials, calibration and measurement systems, new product specifications and standard operating procedures.

During the course of work as Quality Engineer, she has set up various quality system such as inspection techniques, sampling plan and also internal quality audit to ensure successful implementation. She involved vigorously in problem solving team such as 8D teams to handle customer's return and complaints.

She has been involved in teaching and training for the past eighteen years and has conducted trainings in quality, quality tools such as 6 sigma tools, Kaizen, quality systems and technical areas. Her hands-on experience in manufacturing as well exposure in training personnel from diverse industries in Malaysia and Singapore enables her to provide a good insight to troubleshooting process problems and improving overall quality as well as latest developments in the quality arena.

Among the popular training she conducted include the followings:

1. SPC
2. FMEA
3. 5S
4. Kaizen
5. Statistical techniques
6. Poka Yoke
7. Calibration and Measurements.
8. ALL IATF 16949 core tools etc.

Companies she has conducted training (More than 100) but to name a few as below:

1. Schott Glass
2. Mattel
3. Dell
4. B Braun
5. Vitrox
6. Caltronics
7. Bose
8. Flextronics
9. Renesas Semiconductor
10. Keysight
11. Bosch Power Tools
12. Bosch Automecia
13. Precico
14. Wong Engineering
15. BCM Electronics
16. SMART etc...
